

ENVIRONMENTAL SCIENCE TECHNICIAN

CC Environment & Planning is currently searching for an Environmental Science Technician to work on a variety of projects including wetland delineations, ecological surveys, land use and watershed plans, habitat restoration and management, and mitigation monitoring. This is a full-time position with a complete benefits package, flexible work schedule, and remote and in-office options. The successful candidate will join a highly supportive team in a company that values diverse perspectives, facilitates professional growth, and encourages autonomy.

Pay Range: \$20.00-\$25.00/hour commensurate with experience.

Primary Role/ Responsibilities: Conduct a variety of field work projects including wetland delineations, wildlife/threatened and endangered species surveys, annual mitigation monitoring, and habitat management as well as drafting reports for each. Assist with development and implementation of habitat management plans, restoration/mitigation plans, and research and inventory for land use management planning.

***Our mission** is to serve our partners, customers, and communities by balancing economic vitality, community development, and natural resource conservation.*

***Our services** include natural resource inventories, ecological assessments, green infrastructure, municipal, and land use planning, and climate resiliency projects.*

We integrate the wisdom and power of nature into everything we do!

REQUIRED QUALIFICATIONS:

- Bachelor's degree or higher in environmental, natural resource or related sciences.
- 2+ years related work experience with strong references.
- Exceptional communication (written/verbal) and interpersonal skills.
- Familiarity with plant identification in the Northeast US.
- Comfortable with both office environment and field work under a variety of conditions.
- Able to work well as part of a team and independently without constant supervision.

PREFERRED QUALIFICATIONS:

- Proficiency with ArcGIS.
- Experience with wetland delineation and reporting.

TO APPLY:

Email a resume and cover letter to Kaytee Hojnacki - khojnacki@ccenvironment.com

Applications will be accepted and reviewed until a qualified candidate has been selected.
